To whom it may concern:

I would like to recommend June Danoff as a candidate for a position with your organization. Over the past ten plus years, in her position both as bookkeeper and as property manager for several apartment projects that I own, June did an excellent job and was an asset to my real estate portfolio management. She has excellent written and verbal communication skills, is extremely organized, can work as well independently as she does as a member of a team. I have always been able to count on her to ensure that the job gets done.

During her tenure in the employ of my property management company, June was responsible for all of the financial statement, payroll and tax reporting preparations. I could always count on her to juggle her ongoing duties and special projects at a moment's notice. At times, she took on separate responsibilities of accounting in the day-to-day operations of my large retail carpet business, in addition to her other responsibilities.

June effectively handled all the personnel functions for several office assistants and for approximately 50 other employees who worked at the apartment buildings

June was always willing to offer her assistance and had an excellent rapport with the tenants, employees, partners and other professional associates. She would be an asset to any employer and I recommend her for any endeavor she chooses to pursue.

-Yours truly,

Harold Reznick, President
